

Glamping comes to Avalon

It's the best of both worlds! All the great things about tent camping; the fresh air and the closeness to nature - without sleeping on the ground or reading by lantern light. Glamping is the hottest thing since marshmallows flambe. Each tent comes complete with a queen size bed, AC, mini-fridge, coffee maker, charcoal grill, and a patio area with a picnic table, chairs and a fire ring. You can call it chic, but it's certainly not shabby. Come Glamp with us!
